**IMPACT 2023**

# Growing Impact, Together.

Dear Community Members and Supporters,

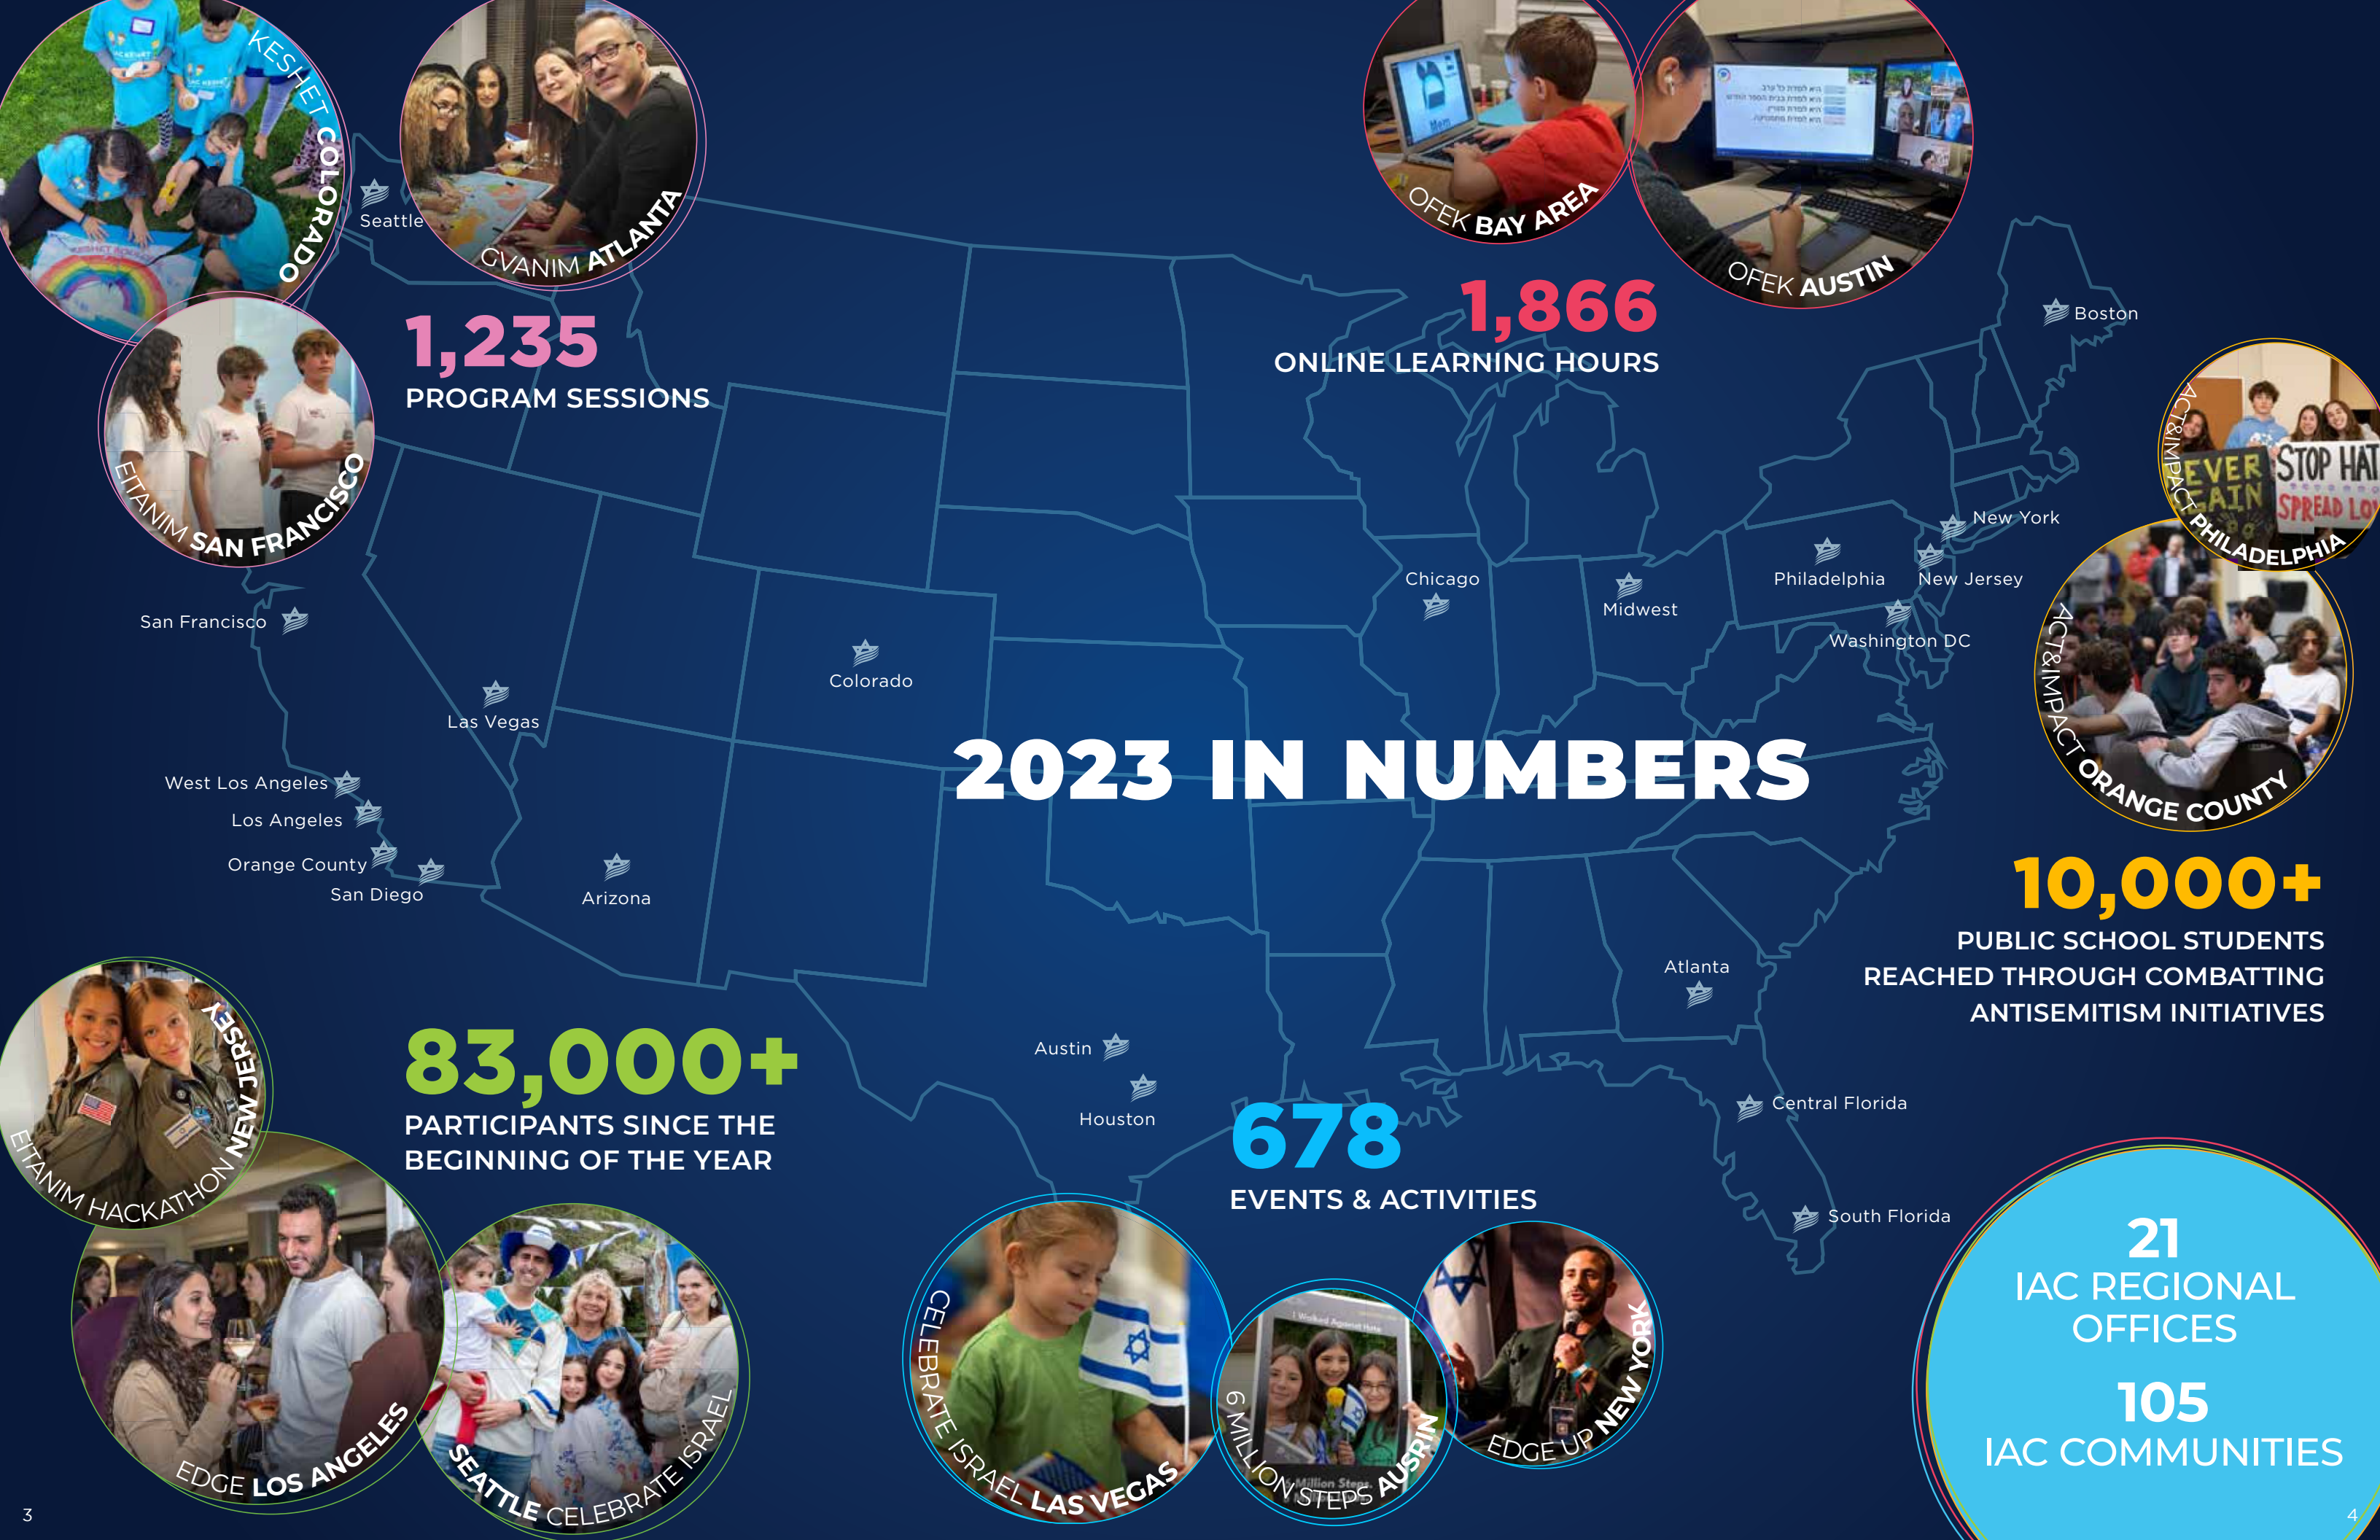

Reflect on these figures: this past year, IAC averaged daily 1.85 events, 3.38 program sessions, and 5.11 hours of online learning. Such fervor has led to landmark achievements, including our national summit recognized as the largest Jewish American gathering and equipping more than 10,000 public school students with tools to combat antisemitism through ambassador led projects & educational efforts.

Under a clear message of unity without uniformity, the IAC has blossomed into the natural home for every Israel enthusiast. Our community, rich in diversity and inclusivity, encapsulates a broad spectrum of beliefs and affiliations. Yet, our shared, cherished mission binds us as one – our love to Israel.

- Our strides are bolstered by four interconnected pillars:  
*Young Generation* - Infusing the youth with Israel's vibrant energy, culture, and spirit.
- Civic Engagement* - Mobilizing a community deeply supportive of Israel and our rich Jewish heritage.
- New Leadership* - Nurturing Israeli American leaders who connect between Israel, Jewish-American community, and the broader American society.
- Israeli Innovation* - Orchestrating a multi-generational network passionate about Israel's pioneering spirit, fostering a culture of mentorship and philanthropy.

This Impact Report aims to reflect our journey and aspirations. Your steadfast support propels us forward, and together, we continue to build a robust, harmonious community.

# OUR MISSION

The mission of the Israeli-American Council (IAC ) is to build an engaged & united Israeli-American community that strengthens the Israeli & Jewish identity of our next generation, the American Jewish community, and the bond between the peoples of the United States and the State of Israel.

# OUR PILLARS

# OUR STORY

It is estimated that more than 800,000 Israeli Americans live in the United States. This community plays a significant role in academia, science, business, and culture as a vital component of American society. Over the past decade, the IAC led the transformation of the Israeli-Jewish American immigrant experience into an emerging voice within the larger Jewish American community. We empower our community to experience and share an authentic, exciting, and proactive **connection to Israel** across the United States.

Our “secret sauce” is **Israeliness**, creating a sense of identity and belonging that connects a fast-growing network of more than 100 IAC communities and college campuses. The IAC is a one-stop shop for families and individuals to connect proactively to Israel, Israeli-Jewish traditions, Hebrew, and Israeli culture. Our community has unparalleled success in bringing together a diverse group of Israel lovers from different generations, demographics, and political and religious affiliations.

Our effectiveness and success directly result from our ability to organize, activate, and engage our **nationwide community**. We do it through cutting-edge programs and initiatives for **the young generation**, empowering **new leadership** to strengthen the connection between Jewish America and Israel and ensuring we are always on the frontlines **to support Israel and the Jewish people**.

# IAC NATIONAL SUMMIT

The IAC National Summit is among the top conferences in the American Jewish community, gathering over 2,800 participants of all ages in 2023. Its multigenerational design unites families in the shared experience of “Israeliness”, highlighting the deep ties between America and Israel. With the theme “Israel. Together.”, we embraced our unity, dialogue, and mutual affection for both nations. This year, we had over 80 sessions and panels comprised of over 150 leaders, innovators, artists, journalists, politicians, and changemakers from the U.S., Israel, and all around the globe.

This was a visually striking and meaningful way to recognize and celebrate Israel's Independence.

## משואה לתקומה

Zikaron, or Remembrance, plays a central part in Israeli culture and traditions. Through our community-based memorial ceremonies and intimate group meetings, we create powerful experiences that connect the community to Israeli and Jewish heritage, history and core values.

Every year we gather thousands of community members across the US to honor those we have lost. The Israeli tradition of Zikaron ba'Salon ("Memory in the Living Room"), features meaningful conversations with Holocaust survivors and their families. Through our Zochrim u'Mesaprim initiative ("Remembering and Telling"), IDF veterans and bereaved families of fallen soldiers share their stories in intimate parlor meetings with the larger American Jewish community.
